DECLARATION

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

STATEMENT OF INOPERATIVENESS

Applicants believe that U.S. Patent No. 6,046,968 is partly inoperative by reason of the patentee claiming less than the patentee had the right to claim in the patent. At least one error being relied upon as the basis for the reissue is the fact that the Applicants and, Applicants' representatives, failed to appreciate the full scope of the invention. Specifically, other species of claims, which would have been allowable over the prior art, were not submitted to the U.S. Patent and Trademark Office during the examination of the application that issued as U.S. Patent No. 6,046,968.

STATEMENT THAT ERROR OCCURRED WITHOUT DECEPTIVE INTENT AND THAT NO NEW MATTER IS ADDED

Applicant believes that the error listed above, which is being corrected by way of this Reissue Application and which occurred up to the time of the filing of this Reissue Declaration, occurred without any deceptive intention on the part of the Applicant. Applicant believes that the new claims of the reissue application do not add new matter.

OFFER TO SURRENDER

Applicant hereby offers to surrender U.S. patent 6,046,968 as required under 37 C.F.R.1.178. Applicant intends to submit for surrender the original letters patent, or an affidavit stating that the original letters patent has been lost or is inaccessible, prior to allowance of the subject Reissue Application.
